

The whole is greater than the part.

Our model is not the sphere, which is no greater than its parts, where every point is equidistant from the centre, and there are no differences between them. Instead, it is the polyhedron, which reflects the convergence of all its parts, each of which preserves its distinctiveness.

Francis

The registration fee covers the use of the meeting room; material; simultaneous translation; afternoon coffee break on the last day of the workshop.

Payment can be done by direct deposit on the day of registration or paid on the first day of the workshop.

PARTICIPANTS

The workshop is organized by the Sisters of Our Lady of Sorrows, and it is open to all **religious** who have an interest in the topics of Interculturality and Conflict Resolution in religious communities.

The workshop is particularly useful for those who are in **leadership roles** within their communities and those who are working in **education** and **formation**.

This workshop is aimed at promoting collaboration among congregations by providing an exchange of experiences, and mutual enrichment in a spirit of communion.

speakers

Tim Norton, svd

expert in formation for intercultural living in religious communities

Eva Gullo

consultant to religious congregations in the area of interpersonal relationships, team building, and conflict resolution
