For All the Earth

18th January & 1st February 2022
2 – 4 pm (Rome time)

Integrating Charism, Mission and Care of the Creation

by Sr. Laurie Brink, O.P.
As Pope Francis has urged, the development of an **integral ecology** on behalf of our **common home** is a Christian imperative, one that resonates deeply with our **mission as women religious**.

This two-session presentation addresses **four questions** concerning the climate crises and our response:

- Why does this matters now?
- Why us?
- What are we to do about it?
- How are we to do it?

Integrating content with personal and small group reflection, the program is designed to provide leaders with a foundation on which to better respond to the Laudato Si’ Action Platform.

The course will be in English, French, Spanish and Portuguese.
